

Acrylic Panels

Our Acrylic Pictures come in 2 thicknesses: **5mm & 10mm**

They are supplied with modern, aluminium finish stand off fixings or a hanging backplate, ready to fix to your wall. The picture stands away from the wall by approx 25mm and as ambient light interacts with the acrylic this creates a visually stunning effect. We print your image on high quality gloss photographic paper at an output of 2440dpi producing outstanding print quality.

The finished result gives an amazing piece of contemporary art, vivid in appearance and extremely long lasting and durable.

Standard

Size	5mm	10mm
12"x8"	£57.99	£71.99
