

## Luxury Photo Books

We use high quality Fuji Crystal Archive Silver Halide photographic paper inhibited with anti-fade properties, allowing us to present your magical moments in a truly professional way. Using a unique lay-flat process, allows the photo book to open totally flat at any page to show off double page spreads at their best.

We then delicately hand finish the book with a thick and robust hardback photo cover.

## Premium Photo Books

Our premium photo books are printed and bound using a revolutionary new type of paper which has a flexible hinge, giving you high quality images, that can still cover an entire spread. The paper is of a 220gsm thickness, with a lovely silky feel to the touch. Our software allows you to choose from an extensive range of themes and layouts, so creating your book has never been easier, with the added option of including text anywhere on the page, in a range of colours and fonts.
